

HP Indigo 3050: Digital Press

The HP Indigo press 3050 provides all the quality you expect from HP for your short-run and personalized printing needs. Designed for the most demanding production environments, the HP Indigo press 3050 delivers up to 7-color printing, high definition images and outstanding substrate selection.

Robust Performance

- Throughput speeds of up to 2,000 4-color per hour, 8,000 single-color per hour.
- Automatic duplexing, seamless job changes and personalization options allow for efficient, streamlined operation.

Liquid Ink Quality

- High definition imaging and unique liquid HP ElectroInk create rich, vibrant color prints at 800 dpi resolution.

Short Runs and Personalized Printing

- Customize printed pieces to meet your needs – every piece can be unique with personalization.
- Personalization of variable text or images from Quark layout files.

Supported File Formats

- All Mac and PC layout and image applications (Personalization from Quark only).
